A record of the categories of personal data processed by KidsVentures is maintained within our internal data management records and reviewed regularly to ensure accuracy, relevance, and compliance with UK data protection legislation.

Children and parents: We hold only the information necessary to provide a childcare service for each child. This includes child registration information, medical information, parent contact information, attendance records, incident and accident records and so forth. Our lawful basis for processing this data is fulfilment of our contract with the child's parents. Our legal condition for processing any health-related information about a child, is so that we can provide appropriate care to the child. Once a child leaves our care we retain only the data required by statutory legislation, insurance requirements and industry best practice, and for the prescribed periods of time. Electronic data that is no longer required is deleted and paper records are disposed of securely.

Staff: We keep information about employees in order to meet HMRC requirements, and to comply with all other areas of employment legislation. Our lawful basis for processing this data is to meet our legal obligations. Our legal condition for processing data relating to an employee's health is to meet the obligations of employment law. We retain the data after a member of staff has left our employment for the periods required by statutory legislation and industry best practice, then it is deleted or destroyed as necessary.

SHARING INFORMATION WITH THIRD PARTIES

We will only share child information with outside agencies on a need-to-know basis and with consent from parents, except in cases relating to safeguarding children, criminal activity, or if required by legally authorised bodies (eg Police, HMRC, etc). If we decide to share information without parental consent, we will record this in the child's file, clearly stating our reasons.

We will only share relevant information that is accurate and up to date. Our primary commitment is to the safety and well-being of the children in our care.

Where we share relevant information where there are safeguarding concerns, we will do so in line with Government guidance 'Information Sharing Advice for Safeguarding Practitioners' (www.gov.uk)

SUBJECT ACCESS REQUESTS

- Parents/carers can ask to see the information and records relating to their child, and/or any information that we keep about themselves.
- Staff and volunteers can ask to see any information that we keep about them.
- We will make the requested information available as soon as practicable and will respond to the request within one month at the latest.
- If our information is found to be incorrect or out of date, we will update it promptly.
- Parents /carers can ask us to delete data, but this may mean that we can no longer provide care to the child as we have a legal obligation to keep certain data. In addition, even after a child has left our care, we have to keep some data for specific periods so won't be able to delete all data immediately.
- Staff and volunteers may ask us to delete their data. However, we may then be unable to continue employing them because we are legally required to retain certain information. We must also keep some records for set periods after employment ends, so we cannot delete all data straight away.
- If any individual about whom we hold data has a complaint about how we have kept their information secure, or how we have responded to a subject access request, they may complain to the Information Commissioner's Office (ICO).
